Confirmed Speakers

Polymers on Surfaces to Guide Epidermal Stem Cell Differentiation

Prof Wilhelm HUCK
(Radboud University & University of Cambridge, Nijmegen & Cambridge, United Kingdom)

Block-copolymers and Nanoparticles at the Interface of Immiscible Polymer Blends: Effects on the Stability of the Blend Morphology

Prof. Paula MOLDENAERS
(KULeuven, Heverlee, Belgium)

Nanotechnology with Stimulus Responsive Polymer Brushes

Prof. Julius VANCISO G.
(University of Twente, Enschede, The Netherlands)

Surface Modification of Polymers Using Atmospheric Plasma Technology: from Adhesion Improvement to Coating Deposition

Dr Dirk VANGENEUGDEN
(VITO, Mol, Belgium)
